

# GET WINTER-READY WITH REBATES

Save energy, improve comfort, and get your home ready for winter.

The Total Home Energy Savings Program helps you find the best upgrades for your home and gives you rebates to help pay for them. On average, homeowners have received more than **$1,500** in rebates.

1. Start with a personalized home energy evaluation
2. Discover the upgrades that make the biggest difference for your home
3. Get rebates for insulation, air sealing, heat pumps, windows, doors, and more
4. Stay warmer this winter while saving energy for years to come

Get winter-ready. Register today
