

WE'RE UPGRADING YOUR LIGHT

Your rented dusk-to-dawn light will soon be upgraded to a **new energy-efficient LED light**

LED lights

provide better visibility, last longer, and use less energy.

Customers can expect a small reduction in their **monthly lighting rental fee.**

Installation is quick and typically does not interrupt service.

Customers may need to **provide access to the light** located on their property.

The new LED light may appear **brighter or different** from the existing light.
